AZ TECHNOLOGY

TECHNOLOGY STAFFING, THOUGHTFULLY MATCHED.

Technology staffing, thoughtfully matched.

Az Technology LLC is a technology staffing firm based in Glen Allen, Virginia. We help companies hire the technologists their work actually needs — and help technologists find the work they actually want.

WHAT WE DO

- ✓ **Contract staffing** — specialized tech talent, ready to contribute from week one.
- ✓ **Direct-hire recruiting** — full-time searches shaped around the actual role.
- ✓ **Hiring coordination** — we keep the process moving and everyone informed.

PRACTICE AREAS

DE

Data Engineering

Pipelines, warehouses & platforms

SE

Software Engineering

Full-stack & backend talent

QA

Quality Engineering

Automation & test strategy

CA

Cloud & Architecture

Cloud platforms & system design

HOW WE'RE DIFFERENT

> Most staffing starts with keywords. We start with the work itself — what outcomes the role must drive, what the team actually needs — and then we narrow the field. Every candidate we present comes with the reasoning behind the fit. Slower start. Better finish.
